

"The fruit of efforts" 22nd April 2008

FLUIDOMAT HAPPILY ANNOUNCES THE BOOKING OF 500th PROJECT ORDER.

Through this occasion, Fluidomat Limited, the pioneers in the field of fluid couplings, announces that we received our 500th Project Order on April 21st 2008.

"On the strength of Fluidomat's reputation in the global market for its superior technology and quality, we have won the project order for **Manufacture, Supply and Commissioning of 17 Nos. of Fixed Speed and Variable Speed Fluid Couplings for Belt Conveyor Application for Coal Handling System of Coal Fired Plant 2* (300-400MW) at PLTU-1, Jawa Tengah, Rembang, INDONESIA.**"

The Fluidomat Fluid Couplings for the above mentioned project are:

3 No. of Scoop controlled couplings upto rating of 400 KW @1470 RPM.

14 No. of Constant fill couplings upto rating of 200 KW @ 1470 RPM.

EPC Contractor: PT. Tecgates Engineering, Jakarta Indonesia.

Various Companies, Consultants, EPC Contractors, and Users in different sectors of industries worldwide rely with confidence on Fluidomat Fluid Couplings.
